This will be an introductory course for the 2024 summer BEST program coming to Le Mars. Times and dates TBD.

This high energy shooting clinic will focus on the four key areas in the development of the great pure shooter. Stance, stroke flow, mid-stroke fundamentals, and the critical elements of hand placement from ball contact to finish. Improvement is guaranteed with the application of the BEST verbal cues and shot training drills learned.

“During my several years as a student of the BEST shooting program, I learned how to train at game-speed, how to pay attention to detail, and how to never get bored with the basics. The fundamental habits and developed skills I absorbed from BEST propelled me to play Division 1 basketball, as well as coach at the highest level.”
